

SHENZHEN TUOFENG SEMICONDUCTOR TECHNOLOGY CO.,LTD

Product Change Notification

TO:Dear customer

FM:SHENZHEN TUOFENG SEMICONDUCTOR TECHNOLOGY CO.,LTD

SUB:The product model and printing contents of materials are changed

ONE:Change the purpose

For customers to better identify the tuo Feng products.

TWO:Change of product category

MOSFETS:SOT23 series/SOT23-3L series/SOT23-6L series,

SOP8 series/TSSOP8 series/ESOP8 series,DFN/PDFN series,TO-252 series.

THREE:Changes to the scope of

Product model, printing content slight changes.

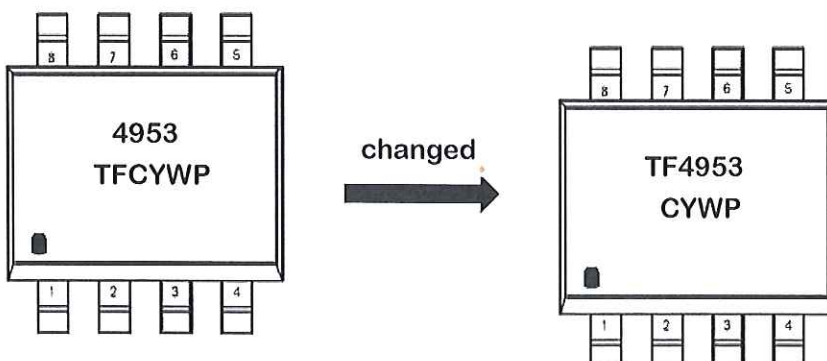

FOUR:modificate time

Materials to be produced in December 2021.

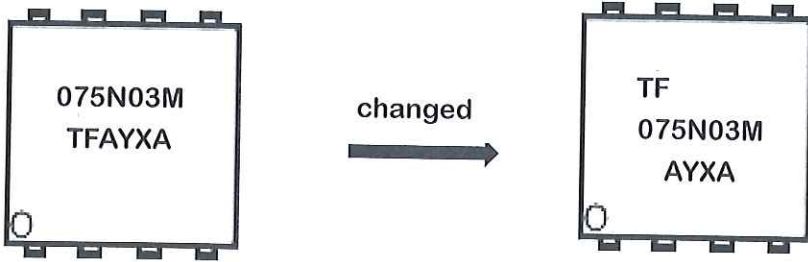

FIVE:The modification

SOT23 series/SOT23-3L series/SOT23-6L series:Only the product model is changed, and "TF" is added before the original product model. For example, the original product model "2300" is changed to TF2300, or the original product model S8205A is changed TF8205.

SOP8 series/TSSOP8 series/ESOP8 series: The following is an example of the product model and the printed content, with "TF" added before the original product model and the letter TF on the second line of the original printed content changed to the first line:

DFN/PDFN series : Product model and printed content, adding "TF" before the original product model;The printed contents are arranged in three lines. The letter TF in the original second line is changed to a single line in the first line. The content in the original first line is unchanged but only changed to the second line.

TO-252 series:Product model and printed content, adding "TF" before the original product model;Add the Tuofeng LOGO in the upper left corner of the tube body, the font part remains unchanged, as shown in the following example:

The above is the specific content of the product change of Tuofeng. This change only involves the product model and the printing part of the tube body. There is no change in the material chip and parameter specifications. The specific content is subject to the product specification. Please know and understand the inconvenience to your company!
